In Memoriam

"Friends" by Thomas Curtis Clark

"Thank God for friends, who dearer grow as years increase;
Who, as possessions fail our hopes and hands,
Become the boon supreme, than gold and lands more precious.
Let all else, if must be, cease;
But, Lord of Life, I pray on me bestow
The gift of friends, to share the way I go."

The 1982-83 yearbook staff wishes to dedicate the Chieftian to a woman who has spent countless hours of her spare time helping and listening to her students. She has become more than just a teacher, she has become a true friend. So to you — the sponsor, the teacher, and the friend, whom we all love, we dedicate the 1983 Chieftian to you — Mrs. Lillian Durham.

Where have the "good times" gone? After graduation, many of us seniors will ask ourselves that question. We will be faced with many decisions that just might very well change the course of our lives. It seems that just yesterday we were playing games on the elementary school playground, and today we are facing reality.

Each year of school was filled with the minor tragedies and triumphs that made them memorable. The events of our twelve years of school, whether good or bad, have shaped our lives for the future. The Class of 1983 learned of tragedy early when we lost a fellow classmate. We also learned of triumph when we broke our long-standing losing streak.

When our senior year began, May 17 seemed a lifetime away. We watched our last homecoming game as students, attended our last pep rally, and prepared for our senior prom. Before we realized it, graduation was a reality, not just a figment of our imaginations. As we leave our alma mater and look into a future that is full of promise, we will realize the good times are not over — they have just begun.

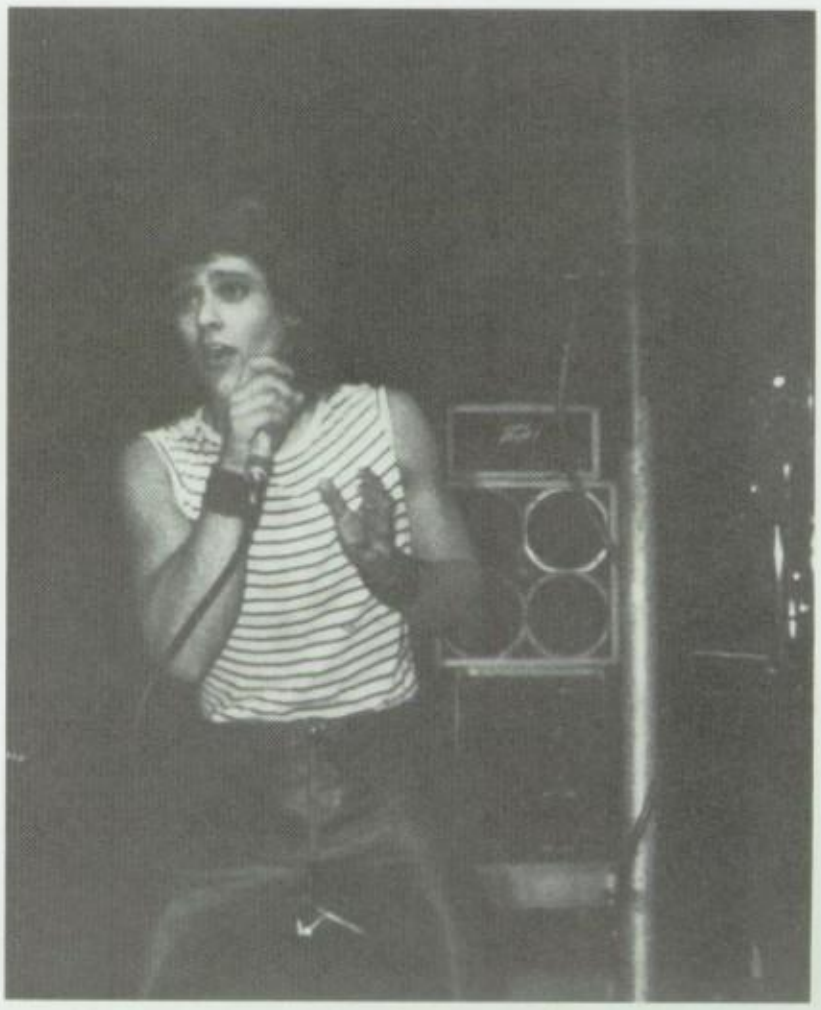
Free Fare

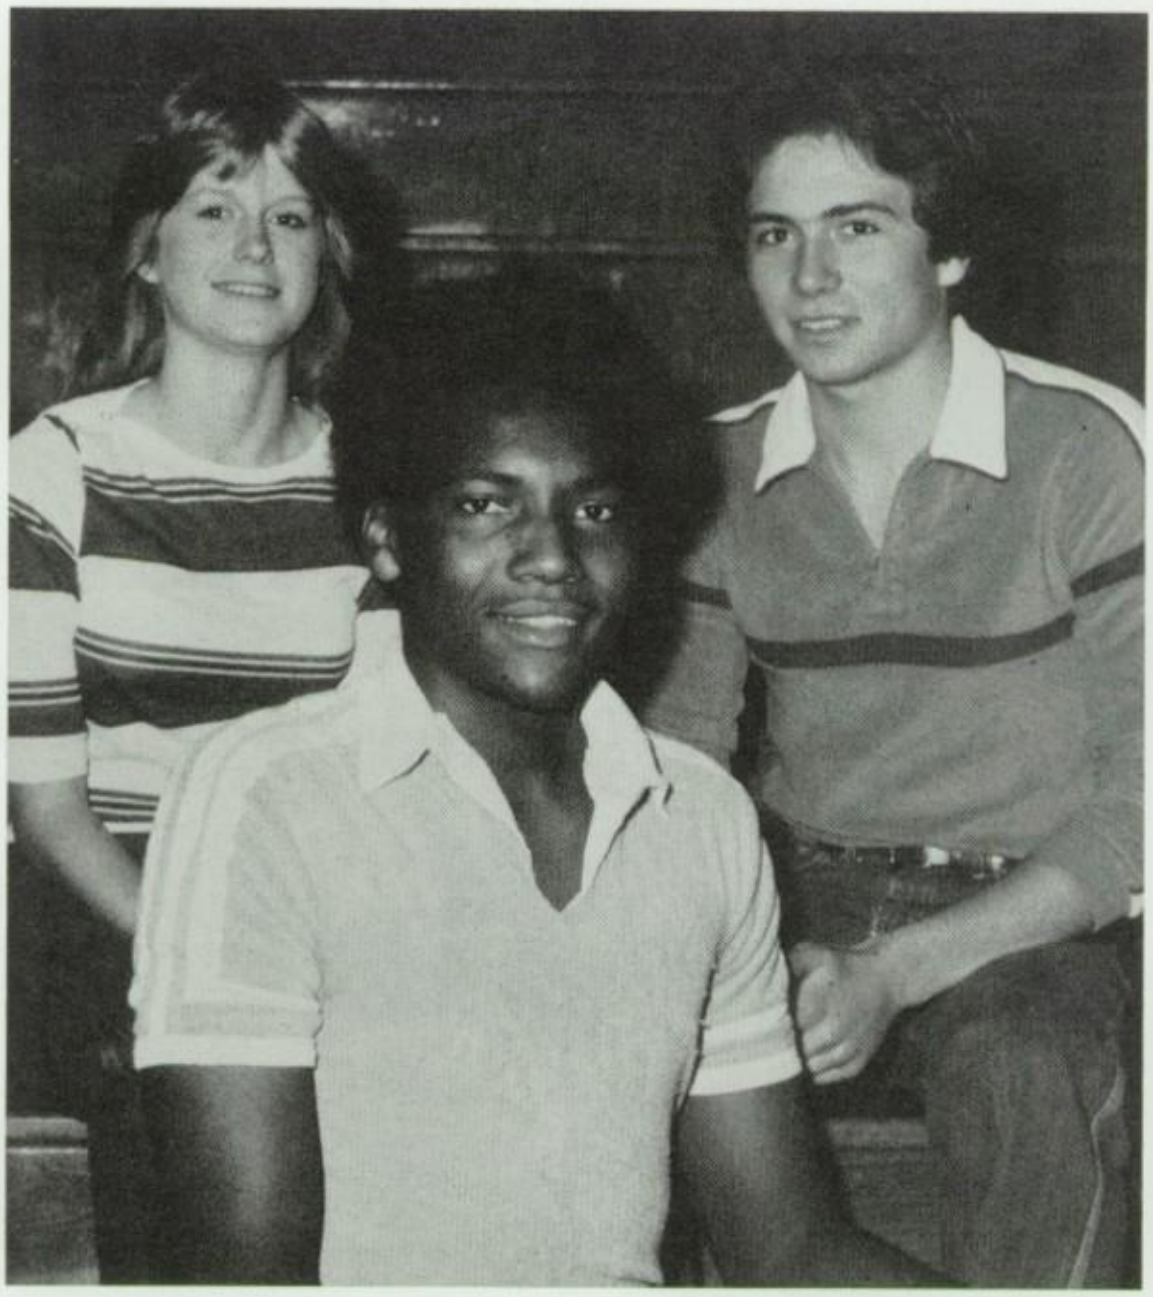


To break the usual scene at PHS a free performance was given by Free Fare.

Free Fare came to PHS from St. Petersburg, Florida. A company in Florida puts bands like Free Fare together. The company supplies the band with equipment needed. The band practices for six months and then goes on the road. A free performance was given during school December 3rd. A night performance was given Monday, December 6th. Both concerts were sponsored by the Junior Class.

STUDENTS

Junior Class



Reggie Smith — president, Belinda Sims — vice president, Keith Mangrum — secretary-treasurer.

Senior rings, "struggles" in American History, football games, Homecoming, basketball games, Freefare, decisions about prom, class meetings — these are the events most remembered by the juniors in 1982-83.

The juniors once again were in charge of decorating and sponsoring the Homecoming dance. The two junior girls that represented the junior class in the Homecoming royalty were Jennifer Shields and Mandy Taylor.

Prom became more than a few ideas on paper when the day finally arrived. It was an event that the juniors will always remember. They were proud of the long hours of work they had put in to make the prom a success!

Leading the Junior class were Reggie Smith — president; Belinda Sims — vice-president; and Keith Mangrum — secretary-treasurer. The fire marshalls were Ernie Durbin and Peggy Powers. The Student Council Representatives were Danny Allen, Joey Tyler, Colin Martin, Chris Baltz, Virginia Adams, and Mandy Taylor. The Junior girls on the senior high cheerleading squad were Jennifer Shields, Virginia Adams, and Helen Dorman.

The Sponsors of the juniors were Marie Wilford, Nancy Huitt, and Dave Williams.

PHS GOLF TEAM — B. Britt, M. Jones, J. Seagraves

Due to an early deadline, the staff cannot feature the golf team as we would like to. The golf team had a successful 81-82 season. Mark Jones placed 2nd in AAA State Competition, 7th in overall State Competition, and 1st place in District.

Coach Jim Gray predicts that Mark will win Conference and State Championship in 82-83 Season.

1st Row: David Fender, Grace Baker, Bobby Cole. 2nd Row: Vanessa Williams, Eric Cannon.

Tennis

The 1982 tennis team was young, but very competitive. Each member contributed 100% in every match they played. Good sportsmanship was also an important asset to the team.

The team anxiously awaits the '83 season and we wish them the best of luck!!!

Track

The senior boys track team placed 4th in the 2AAA Conference meet. The Redskins made a surprisingly good showing in the sprint events. The sprint relay teams of Bunch, Thielemier, Riddle, and Young took 3rd in the 400 and 800 meter relay races.

After a recount of points, the senior girls track team was awarded 2nd place in the conference meet. The lady Redskins were represented with strong individual performances by Tanya Britt and Lynn Young. Britt, Young, Brown, and Taylor participated in the state meet. Mandy Taylor finished 4th in the 2-mile run.

Boys' and Girls' State

Arkansas Girls' State is second largest in the nation. It was held at Ouchita Baptist University in Arkadelphia this past summer. A mythical city was formed and officials were elected to lead it. Delegates were divided into two political parties and they had visitors signifying each party. This helped the delegates learn more about the political process of our government.

Boy's State was held at Henderson University at Arkadelphia. Delegates became citizens of mythical cities and counties. Delegates then participated in elections on the local, district, and county levels. Participating in these elections gave delegates a better understanding of our political system.

The annual bloomer bowl arrived on a chilly November afternoon. The junior and senior girls were transformed into "mean machines" when the whistle blew. It has been a year of changes for the Pride of Pocahontas, especially marked by a change of band directors. Mr. Don Breytspraak formerly taught at Jonesboro.

The band practiced two weeks before school started. They put in an average of three weekday rehearsals after school started.

Their practice paid off when they received a II rating at the district marching contest at Osceola. The band played at halftime at the football games. They also marched in the fair, homecoming, and Christmas parades.

During concert season, band members participated in jr. and sr. clinic. Billy Poe was selected for Jr. Clinic Blue Band. Sandi Anderson, and Richard Phillips made Sr. Clinic Red Band. Brad Daniel and Brigette Robinette made Sr. Clinic Blue Band thus qualifying them for All-State tryouts in Arkadelphia. Cheryl Eads, Bryan Britt, and Shelby Steimel were selected as alternates.

Band members also attended Solo and Ensemble and Regional Concert Festival.

Long hours, short tempers, and corny jokes are all a part of Annual Staff. Despite all the disadvantages, all the members enjoy creating the pages of the annual together.

This year the staff sold a new form of advertisements. The ads are placed in the Campus Life Section of the yearbook. These new ads enable the staff to devote more pages in the annual to the students. Although it is often a hectic and tiresome job, the staff works together to create a yearbook the students will enjoy for years to come.

Seeking inspiration.

One of the most active clubs at PHS is Student Council. There are six student representatives for each grade, 9-12. This year Student Council has attended many state and district conventions. One of the Student Council's major projects was providing a concession stand for the student body. Student Council also added entertainment to the lunch period by providing the students a stereo. The organization is responsible for many of the school activities. The club also is responsible for the Homecoming Parade and Coronation.

Foreign Language Club

The Foreign Language Club is for those students who are taking or have taken a foreign language course. Club members are eligible to attend Spanish oriented events in the area. The main fund raiser sponsored by the club is the chili supper during Homecoming. Also many members enjoy Christmas caroling to raise money for the American Lung Association. The club sponsor is Mrs. Kay Howell.

Co-op is a club offered to only those 11th and 12th grade students with enough credits so they can be dismissed from school early. Every member is required to join the G.C.E.C.A. Club. Co-op is divided into two parts — classroom and on the job training. Two grades are given each 9 weeks. The club participated in many activities, mainly regional and state meetings. Every member looks forward to the state leadership convention which is held in April for two days at Hot Springs. Co-op is offered for the students' benefit. It gives the students a chance to find the career they would like best, also the opportunity to find out what it is like to take on a responsibility as big as a job, and the management of money. If a student should not attend school that day, he is not allowed to go to work.

Officers at left are: T. Hausman — Pres., G. Hudstedler — V. Pres., J. Johnson — Secy., J. Brown, Rep., N. Steveson — Parl., D. Murray — Sgt. At Arms.

Health Careers Club has been very active this year. To be in the club you must be a 10th, 11th, or 12th grader and have 9 hours per 9 weeks. To get hours you must work at the hospital, nursing home, at a blood drive, or any other function that the club participates in. Other projects are working on floats, Christmas caroling, or helping sell Val-o-grams on Valentines. Both girls and boys can be members and it gives the members a little insight in a Health related profession.

Leo Club

In its second year, the Leo Club has grown to over 60 members. The Club members are equally divided among the top 3 grades.

Most of the money raised by the Leo Club goes to support projects that are vision related. The club this year bought several pairs of glasses for needy students.

For fund raising, the club has sold fireworks, collected dues, sponsored dances, and sold pennants.

In cooperation with the Key Club and Health Careers Club, the Leos also sponsored the Homecoming Victory stew.

Each month selected senior club members eat with the Lion's Club at their regular meeting. In April senior members of the club attended state Leo Convention at Fayetville.

Providing a service for the students and community is why they exist and why the club is so popular at PHS.

Members of the club sponsored the annual Book Fair in the old music building. Books were provided by the Book Ark of Little Rock.

To be eligible as a member of the Library Club, students must have a 2.5 grade average. Mrs. Hatch has taught the members to run the library efficiently.

The Library Club's responsibilities aren't all related to books. They help with the computers, audio-visuals, and films.

Many new additions have been made to the library such as computers, plants, and a new magazine rack.

Keeping the school up-to-date on the latest news is the job of the Smoke Signal. The staff is made up of volunteers who give their time and talent to keep the students and teachers informed. The Smoke Signal is a member of the Arkansas High School Press Association and attends the annual convention held every spring. The staff members enter in many contests and both the members and the paper itself have won numerous awards. The Smoke Signal prints their own newspaper on a mimeograph machine with the aide of Mr. Gary Martin. The Smoke Signal sponsored the om Wat Showcase Sale again this year to help defer the cost of attending convention. In the spring, the staff will pre-ent an Almost Anything Goes to help with funds for next year.

Chorus

The 1982-83 Chorus was under the direction of Don Breytspraak. This year the Chorus presented programs for the community and for the school. Students in the chorus had the opportunity to try out for state and regional tryouts.

Fire Marshalls

Front Row: T. Tyler, L. Hackworth, W. Amos — Sponsor. Back Row: P. Powers, G. Schaffer, T. Beardsley, K. Spencer, E. Durbin.

The fire marshals' organization plays an important part in P.H.S. They operate under the guidelines established by the State Department of Education. At the beginning of each year, two students are chosen from grades nine through twelve. These students have experience and are responsible for making teachers and students safe and secure while they are in school. Each year the fire marshals and sponsor attend the state fire marshals meeting. The fire marshals do care about P.H.S.

Air Flow Insulation employs two PHS students. Barry Rice assists with the job of insulating area houses while Karen English helps with office work.

IGA Foodliners employs 7 students. Shown here is Richard Teel who works as a stock boy and carry-out, and Tresa Hausman who is a cashier.

Money, Money, Money

Phil Throesch works part time at Van-Atkins clothing store.

Carol Tyler earns extra money at the soda fountain at Futrell's Pharmacy.

Money, Money, Money! This is the foremost reason students work after school. Students use their extra money to buy many things: cars, clothes or to pay other expenses throughout the school year.

Although working students sometimes miss certain events or school activities because of their work responsibilities, the disappointment lessens when they receive their paycheck. The experience students receive working during high school can help them in the future. Those students who plan to work during college will have a better chance of finding employment. Students also learn responsibility, punctuality and independence through working.

Donna Hausman gets her income by working at Hosman's Dairy Center.

Dear Students and Faculty:

We hope this year has been great for everyone. We have tried to capture the most memorable events during the school year.

We want to thank our staff for their untiring efforts in helping us to make the yearbook a success.

We have tried many new things in this yearbook to add a little variety in your life.

There are many people we want to thank for helping us out during our rough times. We give a special thanks to Mary Ann Adams for photo contributions, Mr. Philip Taylor, Lyndal Hutsell, and also Mr. and Mrs. Richard Robinett Jr. for the use of their home as a photographic setting.

It's all over now . . . goodbye to broken deadlines . . . to the gray-haired, wild-eyed sponsor . . . to the old annual room with its paper-strewn tables, coke bottles, and camouflaged radio . . . to the cold wars between editors . . . yes, it's a final goodbye to all of this and to say . . . Praise the Lord and Pass the Arsenic!!!

Sincerely yours,

Jeania Brown
